

Do you have Medicaid?

It's time to renew your coverage!

Here's how to stay covered now that the Medicaid rules have changed.

Starting April 1, 2023, your state Medicaid office will begin the process of redetermining your eligibility for health coverage under Medicaid. It only takes 10 minutes to complete these steps to make sure you don't lose your coverage:

- 1** Check that your Medicaid office has your current address, phone number and email address to contact you.
- 2** Complete your renewal form if you receive one in the mail.
- 3** Contact a local Center for Independent Living or Healthcare Navigator to support with renewal or appealing a determination.
