October 31, 2017

CHRIL Attribution

The CHRIL is funded by a 5-year Disability and Rehabilitation Research Program (DRRP) grant from the National Institute on Disability, Independent Living, and Rehabilitation Research (NIDILRR grant number 90DP0075-01-00). The CHRIL brings together disability advocates and researchers from 4 institutions (Washington State University, the University of Kansas, George Mason University, and Independent Living Research Utilization (ILRU) at TIRR Memorial Hermann) to systematically investigate and disseminate essential findings about how the Affordable Care Act's implementation affects working age adults with disabilities. The CHRIL website is at CHRIL.ORG.

Collaborative on Health Reform and Independent Living (CHRIL) Project Objective

- To provide disability stakeholders with accurate, current and actionable information on how recent changes in health policy directly or indirectly impact the community living and participation of working-age adults with disabilities.

CHRIL Purpose

- Systematically investigate and disseminate essential findings about how health reforms affect working age adults with disabilities.

CHRIL Institutional Members

- Washington State University (WSU)
- University of Kansas (KU)
- George Mason University (GMU)
- Independent Living Research Utilization (ILRU) at TIRR Memorial Hermann

CHRIL Strategic Partners

- National Council on Independent Living (NCIL)
- American Association on Health and Disability (AAHD)
- Association of Programs for Rural Independent Living (APRIL)
- Disability Research Interest Group (DRIG) of AcademyHealth
- Urban Institute

American Association on Health & Disability (AAHD)

The mission of AAHD is to advance health promotion and wellness initiatives for children and adults with disabilities.

Reduce Health Disparities

Advocate for Community Inclusion

Promote Full Accessibility

Integrate Disability into Public Health Agenda

Open Enrollment Basics

- ACA still is the law of the land
- Healthcare.gov will still be open for business
- Premium assistance is still available
- In states where Medicaid was expanded, this coverage remains

Open Enrollment Basics – Important Dates*

- Open Enrollment Begins: November 1, 2017
- Open Enrollment Ends: December 15, 2017
- New Coverage Begins: January 1, 2018

* Different dates apply in the following states:
CA, CO, CT, DC, MA, MN, NY, RI, WA

Special Enrollment Periods (SEPs)

- What if someone misses open enrollment?
- SEPs are available for a number of reasons, including:
 - Loss of a job
 - Change in marital status
 - Birth of a child
 - Moving to a different state (or even a different part of the same state)
- Remember: Medicaid enrollment is year-round

NDNRC Mission Statement

The mission of the National Disability Navigator Resource Collaborative (NDNRC) is to provide cross-disability information and support to Navigators and other enrollment specialists thereby ensuring people with disabilities receive accurate information when selecting and enrolling in insurance through the Affordable Care Act Marketplaces.

What Consumers Need to Consider When Choosing a Health Plan

- Providers
- Pharmacy
- Therapies
- Equipment

What Consumers Need to Consider When Choosing a Health Plan – Providers

- Is their current doctor in the Qualified Health Plan's (QHP) network?
- Are there other specialists that the person will need to see?
- If so, is the network of providers sufficient?
- Does the QHP cover mental health treatment?
- Does the QHP cover substance use disorder treatment?

What Consumers Need to Consider When Choosing a Health Plan – Pharmacy

- Are their current drugs covered under the plan's formulary?
- Does the plan have a tiered prescription medication benefit (generic/name-brand/specialty)?
- Does the plan require pre-authorization for the medications?
- Does the QHP require a patient to try a generic drug first (i.e. "Step Therapy")?

What Consumers Need to Consider When Choosing a Health Plan – Therapies

- Does the QHP require pre-authorization for rehabilitation therapies?
- Does the QHP treat rehabilitation and habilitation differently?
- Does the QHP put limits on visits?
 - This is especially important for rehab/habilitation benefits
- Does the QHP cover other therapies?
- Does the QHP cover other services and supports?

What Consumers Need to Consider When Choosing a Health Plan –Equipment

- Does the QHP cover durable medical equipment (DME)?
- Does the QHP cover disposable medical supplies?
- Does the QHP cover prosthetics?
- Does the QHP cover the repair &/or replacement?

What Consumers Need to Consider When Choosing a Health Plan – Other Considerations

- Automatic re-enrollment
- Co-occurring conditions
- Continuity of care issues with changing plans
- Treatment of mental health v. “physical” health
- Figuring out what a plan covers (plan transparency)
- Medicaid as an option
- Premiums v. Out-of-pocket costs
- Individuals transitioning to Medicare

Advanced Premium Tax Credits (APTC)

- Premiums are paid directly by the government to the insurance company
- Based on Income
- Available to people between 100-400% Federal Poverty Level (FPL)
- Cannot claim APTC if other coverage is available (i.e. employer offered insurance)

Cost Sharing Reductions (CSRs)

- Designed to help low-income people with out-of-pocket costs (deductibles, co-pays)
- Paid directly by the government to the insurance company
- Based on Income
- Available to people between 100-250% Federal Poverty Level (FPL)
- Must be enrolled in a silver plan or higher that is eligible for CSRs
- Their future is subject to the “politics” of the ACA

Other Changes for 2018 & Beyond

- Insurance Companies will be able to deny coverage if you have an outstanding balance on your premiums from a prior year
- Proving Eligibility for SEPs will require additional proof
- No changing metal levels when enrolling through a SEP
- Allowance for more coverage through Association Health Plans
- Allowance for more coverage through short-term policies
